GASPARD TUMUSIIME

Nairobi, Kenya • +254 701 311 114 • gaspard.tumus@gmail.com • linkedin.com/in/gaspard-tumusiime

PROFESSIONAL SUMMARY

Second-year Software Engineering student at USIU-Africa with practical experience building full-stack web applications, integrating AI services, and delivering technology training in under-resourced communities. Proficient in Python, Java, JavaScript, C++, and React, with hands-on exposure to Supabase, Git, and third-party APIs. Selected as a Millennium Fellow and trained 200+ students across four secondary schools. Seeking a software engineering internship to contribute to product development while growing under experienced mentorship.

EDUCATION

Bachelor of Science in Software Engineering Sep 2024 - Jun 2028 (Expected)

United States International University - Africa (USIU-Africa) *Nairobi, Kenya*

- Current GPA: 3.2 / 4.0
- Relevant Coursework: System Analysis and Design, Introduction to Software Engineering, Website Design, Object-Oriented Programming, Data Structures and Algorithms

Uganda Advanced Certificate of Education (A-Level) 2022

Uganda

Uganda Certificate of Education (O-Level) 2019

Uganda

- CNOOC Best Performer's Award for outstanding UCE academic performance (2020)
- Served as Sanitation Prefect, 2021 - 2022

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript, C++

Web Development: React, HTML, CSS, responsive front-end design, Progressive Web Apps

Backend & Data: Supabase (PostgreSQL), REST APIs, third-party API integration

AI & APIs: Google Gemini API (predictive features), prompt engineering fundamentals

Tools & Platforms: Git, GitHub, GitHub Actions (CI/CD exposure), Vercel, Render, Microsoft Office Suite

Professional Skills: Leadership, Public Speaking, Cross-Cultural Collaboration, Mentoring, Problem Solving, Adaptability

PROJECTS

AgriLink - Agricultural Marketplace Platform 2025

Developer | React, TypeScript, Supabase, Gemini API, Vercel, GitHub Actions

- Co-built a Progressive Web App that connects Kenyan smallholder farmers directly with buyers, addressing market access and price exploitation in the agricultural value chain.
- Developed responsive React components and integrated Supabase for authentication, database, and backend logic.
- Integrated the Google Gemini API to deliver AI-driven price predictions, helping farmers make informed selling decisions.
- Collaborated in a cross-functional team using Git/GitHub and GitHub Actions for version control and continuous integration.

Library Management System 2024

Developer | Java (Object-Oriented Programming)

- Designed and implemented a desktop application that automates book cataloguing, member registration, and borrowing records.

- Applied OOP principles - inheritance, encapsulation, and modular class design - to deliver a maintainable codebase.

LEADERSHIP & VOLUNTEER EXPERIENCE

Digital Skills Trainer (Volunteer) 2025
ANGAZA *Kenya*

- Trained 200+ secondary school students across 4 schools in computer literacy and practical digital skills over a 6-month program.
- Designed progressive lesson plans and hands-on labs tailored to mixed-ability classrooms, lifting engagement and measurable skill uptake.

Millennium Fellow 2025
Millennium Fellowship | United Nations Academic Impact & MCN

- Selected for a competitive 6-month leadership and social impact program aligned with the UN Sustainable Development Goals.
- Built skills in project management, stakeholder engagement, and community organizing through structured training and peer collaboration.

Delegate - German-African Young Leaders in Sustainability 2025
Cross-cultural sustainability program

- Collaborated with German and African peers to develop solutions for real-world corporate sustainability challenges.
- Strengthened cross-cultural communication, design-thinking, and strategic problem-solving capabilities.

Youth Mentor (Volunteer) 2024
Educate!

- Mentored secondary school students on leadership, entrepreneurship, and goal setting, supporting smoother transitions into post-secondary pathways.

Biology Tutor (Volunteer) 2020 - 2021
CIYOTA – Cobrwas International Youth Organisation to Transform Africa.

- Delivered academic tutoring in biology to secondary school learners, improving conceptual understanding and exam preparedness.

ENTREPRENEURSHIP

Co-Founder 2025 - Present
Nzuri Tech Solutions *East Africa*

- Co-founding an early-stage venture driving digital transformation for SMEs, NGOs, schools, and agricultural enterprises across Uganda and Kenya.
- Contributing to product strategy, technical planning, and investor-facing documentation as part of a five-person founding team.

LANGUAGES & INTERESTS

Languages: English (Fluent) • Kiswahili (Fluent) • Kinyarwanda (Fluent) • French (Basic)
Interests: Environmental conservation • Recycling and circular economy • Startup building
